

WATERCOLOR GARDEN FLORAL GRAPHICS COLLECTION

PRODUCT GUIDE

Thank you so much for your interest in the Watercolor Garden Floral Graphics collection! I am confident you'll love the pieces in this collection, and I want to make sure you know how to access them, as well as some of the many possibilities for using them!

HOW TO ACCESS THE FILES AFTER DOWNLOADING:

FOR PCs

To extract a single file or folder, double-click the compressed folder to open it. Then, drag the file or folder from the compressed folder to a new location.

To extract the entire contents of the compressed folder, right-click the folder, click Extract All, and then follow the instructions.

FOR MACs

Double click the .zip file in your Downloads, then search for the product folder or product file (it should unzip and create a folder right next to the zipped file in your Downloads). I would suggest moving it from your Downloads to a different folder / hard drive for easy access and safe keeping.

If you continue to have trouble, please reach out to me at hello@letterlanedesignstudio.com and I will be happy to help!
